

Portal Partnership Meeting

June 15, 2009

Attending: Larry Motes, Abraham Williams, Dianne Bath

Meeting Purpose: To receive feedback from the Statesboro Bulloch County Parks and Recreation Department meeting.

- Larry Motes met with Mike Rollins Director of SBCPRD to see what was or could be submitted in the Master Plan for the Portal Community. Mr. Rollins indicated that there would not be a lot of additional resources in the near future for growth in the plan. Mr. Motes did stress the community desire to work toward an intergovernmental agreement between Portal, Bulloch County Board of Education, and SBCPRD to provide land for the development of a recreational park and community center. The partnership members decided to continue to talk with key people in the community and to meet again in September.
