Recommendation for ___________________________ (applicant’s name)

The above named individual is applying for admission to EAGLE Academy at Georgia Southern University (GSU). This is a two-year Inclusive Post-Secondary Education Program in which students audit GSU classes, attend classes at the Academy, participate in work-place internships and participate in campus activities. During their time with us, each student will have individualized goals and education plans develop through Person-Centered-Planning, and will be provided the necessary supports to reach these. This program is designed to support students with intellectual and/or developmental disabilities who desire a postsecondary experience on a college campus. These students are highly motivated young adults who have received substantial educational services in either public or private schools. They would most likely have considerable difficulty succeeding in a traditional college degree program. Students should have a strong desire to become an independent adult and must possess emotional stability and maturity to participate successfully in this program. The student will receive a certificate upon completion of his/her individualized program of study.

With the above information in mind, please answer the following questions to the best of your ability and with accurate descriptions of the student’s current ability levels. Attach additional pages as needed. NOTE: Teachers should complete the Personal Support Inventory.
