Georgia Southern University
Teacher Support and Coaching Endorsement Program**

As an applicant to or participant in the Teacher Support and Coaching Endorsement Program:

I understand that my school administrator and I must collaborate to ensure that a teacher to coach or a student-teacher to supervise will be assigned to me for the upcoming fall semester. Failure to do so will result in my being unable to complete the endorsement as I would not be able to take the required ESED 8232 class in fall.
